

Questionnaire (questions not related to a particular sector)

This questionnaire contains general questions regarding the subjects

Project description

- Description of the project's location
- German exporter's role
- Environmental standards
- Environmental impacts
- Social impacts
- Environmental Impact Assessment
- Consultations/participation

The completion of this questionnaire is voluntary. However, replying to the questions as thoroughly as possible will facilitate and speed up the assessment of the environmental impacts of the export transaction offered for cover and may replace the description of the environmental impacts in the memorandum. In the course of the application procedure further questions regarding the project's impacts may arise. Above all, this questionnaire does not replace the sector-related information required for specific sectors (for this, please, see also the sector-related checklists).

Project description

Information on the scope of the German supplies and - as far as available - on the overall project for which the supplies are intended, stage of the tendering process, project background, stand-alone plant or integration into an existing large-scale plant, new plant or replacement, planned production capacity or increase of capacity, required raw material according to quantity and source, energy demand, water demand.

Supplies for existing plants

If the German supplies are designated for an existing plant, please provide the following information

- The German supplies will replace capital assets, i.e. a part of the existing plant will be replaced by the German supplies. Please explain briefly:

- The German supplies will result in a modification of the existing plant in particular in an alteration of its size (as regards the area used, production capacity, etc.), the scope of production or the environmental impact (especially emissions). Please explain briefly, in particular the scope of the modification:

Description of the project's location

Location and size of the area required for the project, the surroundings and their existing/planned infrastructure, current use of the area designated for the project. (Please attach plan/map if available.)

Is the area concerned a sensitive location? Yes No

(Definition: Sensitive locations are National Parks and other protected areas identified by national or international law, and other sensitive locations of international, national or regional importance, such as wetlands, forests with high biodiversity value, areas of archaeological or cultural significance and areas of importance for indigenous people or other vulnerable groups.)

The project site is a

- a new development**
Site is in a natural condition or used for forestry or agriculture or as a greenbelt recreation area and/or is not yet developed (i.e. there are neither any utilities or service installations nor any roads, railroads, waterways for transport) or prepared for construction.
- a new industrial estate**
Site is mostly developed (i.e. there are utilities and service installations as well as roads, railroads, waterways for transport) and prepared for construction and is not only designated for the project in question but also for other industrial plants. If a new industrial estate is developed exclusively for the project offered for cover, it is regarded as a new development.
- an existing industrial estate**
Site already used as industrial or commercial estate and completely developed (i.e. there are utilities and service installations as well as roads, railroads, waterways for transport).
- a residential area**
The project is located in or in the immediate neighbourhood of a residential area.

German exporter's role

You as exporter are

- the sole supplier/main contractor
- a joint supplier
- a sub-contractor
- a partner in a joint venture

Share in the total project ... %

Which other Export Credit Agencies or International Financing Institutions (IFIs) are involved?

Environmental standards*

Which standards are met

German supplies / Total project

- | | | |
|--|--------------------------|--------------------------|
| • German standards | <input type="checkbox"/> | <input type="checkbox"/> |
| • EU Standards | <input type="checkbox"/> | <input type="checkbox"/> |
| • Emission standards of the World Bank Group | <input type="checkbox"/> | <input type="checkbox"/> |
| • World Bank Safeguard Policies | | <input type="checkbox"/> |
| • IFC Performance Standards | | <input type="checkbox"/> |

Other standards (if so which standards)?

- Emission standards _____
- Process standards _____

**Note: Please state emission values separately in accordance with the sector-related checklists*

Environmental impacts

If the export transaction is part of an overall project, please describe the possible environmental impacts of the total project in addition to the direct impacts of the German supplies and services on the environment.

Positive impacts (e.g. improvement of the existing situation, reduction of greenhouse gas emissions)

Negative impacts*

Do the supplies or the total project have any one or several of the following impacts?

	German supplies	/	Total project
• Discharge of waste water	<input type="checkbox"/>		<input type="checkbox"/>
• Consumption of resources (e. g. high water/energy consumption)	<input type="checkbox"/>		<input type="checkbox"/>
• Exhaust gas emissions	<input type="checkbox"/>		<input type="checkbox"/>
• Negative effects on the climate (e. g. use of greenhouse gases)	<input type="checkbox"/>		<input type="checkbox"/>
• Adverse effects on the climate (e. g. changes in the soil, quality, erosion)	<input type="checkbox"/>		<input type="checkbox"/>
• Adverse effects on the biodiversity and/or nature reserve (e. g. wetlands, forests, national parks, etc.)	<input type="checkbox"/>		<input type="checkbox"/>
• Noise emissions	<input type="checkbox"/>		<input type="checkbox"/>
• Dust emissions	<input type="checkbox"/>		<input type="checkbox"/>
• Other, please describe	<input type="checkbox"/>		<input type="checkbox"/>

- | | | |
|--------|--------------------------|--------------------------|
| • None | <input type="checkbox"/> | <input type="checkbox"/> |
|--------|--------------------------|--------------------------|

**Note: Please give a detailed description of the impacts separately in accordance with the sector-related checklists*

Hermes Cover

Social impacts*

Do the supplies or the total project have any one or several of the following impacts:

- Involuntary resettlement
- Expropriation of land
- Changes in farmland, forest areas, virgin forest, fishery or existing industries
- Loss of cultural or historical assets
- Adverse effects on residential areas
- Impacts on minorities or indigenous people
- Other, please describe

- None

**Note: Please give a detailed description separately in accordance with the sector-related checklists*

Environmental Impact Assessment

Which of the following studies were prepared for the total project and are available?

	Commissioned by	Author	Date
<input type="checkbox"/> Environmental Impact Assessment (EIA)	_____		
<input type="checkbox"/> other environmental studies	_____		
<input type="checkbox"/> Environmental Management Plan (EMP)	_____		
<input type="checkbox"/> Resettlement Action Plan (RAP)	_____		
<input type="checkbox"/> other, what kind of studies?	_____

Consultations/participation

Has the population affected been involved or is such involvement planned?

	Yes	No
informed	<input type="checkbox"/>	<input type="checkbox"/>
consulted	<input type="checkbox"/>	<input type="checkbox"/>

Please explain if necessary:

Are any objections from the following groups known to you?

	Yes	No
• Population	<input type="checkbox"/>	<input type="checkbox"/>
• NGO	<input type="checkbox"/>	<input type="checkbox"/>
• Other	<input type="checkbox"/>	<input type="checkbox"/>

If so, what objections?

Please answer any sector-specific questions on the basis of the relevant checklists.

We herewith declare that all information herein was provided to the best of our knowledge.
 We will inform you immediately of any changes or amendments.
