

The German Government promotes more transparency of officially supported export credits and therefore has adopted a procedure in which all applicants of projects with an order value exceeding 15 million EUR and selected projects of special public interest below this threshold are requested to grant their approval for publication of certain project data.

#### List of officially supported projects:

The order values are divided into the following categories:

Category 1:	up to Euro 15 million
Category 2:	up to Euro 50 million
Category 3:	up to Euro 100 million
Category 4:	up to Euro 200 million
Category 5:	above Euro 200 million

(as per 31 December 2004)
